

EMPOWER PLAYGROUNDS

We lead by example, work with integrity, and aspire to leave the world a better place.

FXBUILDS G - A A

Empower Playgrounds is an organization that strives to provide electricity to homes that otherwise have no light in the evening hours. The lack of electricity can be a detriment to children's schooling, since they do the majority of their homework in the evening hours. Empower Playgrounds works to provide merry-go-rounds that store energy when used. That energy is compiled and used to light homes. Our partnership with Empower Playgrounds has allowed us to install 2 merry-go-rounds and illuminate 2 rural Ghana villages. In 2019 alone, we've impacted more than 5,880 lives.

5880+ LIVES IMPACTED BY FXERS IN 2019
